

## Minister of Interior In Edmonton Today

### Touring The West in Con- nection With The Business of His Department

Hon. F. Oliver, Minister of the Interior, arrived in the city over the C. N. R. this morning and will spend a few days in town. He is accompanied by Mrs. Oliver and their daughter, Miss Anna.

Mr. Oliver is on a tour of the West, visiting the land and immigration agencies at the close of their busy season and in preparation for the meeting of Parliament in November. The Department of Interior having charge of the immigration work and administration of the lands is charged with the work of encouraging and facilitating settlement the most important question in the west at present and for many years to come. The past season has been the heaviest in immigration in the history of the country and hence in the business of both the immigration and land agencies and the tour of the Minister is for the purpose of reviewing the general results of the season's operation with a view to a clear conception of the administrative requirements for the future.

Mr. Oliver returned recently from a trip to Europe and speaks very hopefully of the immigration outlook particularly in Great Britain. Canada looms large in the minds of the British people, larger than any other country, colony or foreign, as a desirable country for the immigrant. While the total annual immigration from Great Britain had not materially increased last year the proportion of the immigrants who came to Canada as compared to those settling in other countries was largely increased and there is every reason to suppose the satisfactory tendency will continue.

The prospects are also good for an increased immigration from Belgium, Holland and Scandinavia. In Germany on the other hand the government is resolutely opposed to immigration and immigration work can be carried on only with the greatest difficulty. The people of France are a home-loving people and while considerable numbers will doubtless continue to cross the Atlantic a large increase in the movement cannot be considered immediately probable.

Mr. Oliver will be in the city for a few days.

## Lecture Tomorrow

Dr. Moore Will Lecture in Norwood Hall on Consumption

Rev. Dr. William Moore, of Ottawa, secretary and lecturer of the Canadian Association for the prevention of consumption and other forms of tuberculosis, arrived in the city yesterday afternoon and is staying at the Alberta. Dr. Clendenen met him at Strathcona and drove him home in the city. Dr. Moore expresses himself as delighted and impressed with the beauty of Edmonton and predicts a marvellous future for the capital of Alberta.

Dr. Moore has just closed a series of meetings in the southern part of Alberta, in which he was assisted by Dr. Clendenen. He says the people showed a hearty and intelligent interest in the anti-consumption campaign. The proposals outlined by Dr. Clendenen, which he intends to submit to the government, were discussed and cordially endorsed at every place meetings were held. Branch associations will be organized in the southern part of the province, to act in conjunction with the provincial association which will be organized tomorrow. Each province has a provincial organization in affiliation with the Canadian Association.

A successful tour has also just been closed in British Columbia, where a provincial association is formed and phrase raised a large amount of money for the purposes of the association, and the public is aroused to the vital importance of such work.

Dr. Moore says it is not the intention at present to establish a sanatorium in Alberta, but to attempt measures of prevention. The advanced cases of the disease can be sent away, while the milder cases, with care and preventive precaution combined with the excellent climate of Alberta, can be successfully dealt with in the home.

One of the most hopeful signs of the movement, which is especially characteristic of the whole western country, is the intelligence and interest of the school children, for in every town Dr. Moore lectures, he never fails to visit the schools and find the children are familiar with the dread disease. He says the people of the west are more alive to the gravity of the situation than the east. Possibly the advent of so many new people has roused public attention. In some places, due to imperfect instruction on the question, the people are only in the "panic stage" when they think the disease is a fell scourge that cannot be shared. This condition is rapidly passing and the people are becoming hopeful and more ready to report themselves to the physicians.

Thirty years ago Dr. Moore traveled from Winnipeg to Prince Albert, taking twenty-eight days in a Red River cart. He is impressed with the hope and optimism of the western people and pronounces this pre-eminently to be a young man's country.

Dr. Moore says that Ottawa is growing rapidly and is fast becoming one of the most beautiful cities in America. The Improvement Commission is doing splendid work and soon Ottawa will be what Sir Wilfrid Laurier said he would make it, "the Washington of the north."

Dr. Moore will leave the city tomorrow, and will lecture in the Norwood block Saturday evening.

## Possibly Two Roads

Canadian Northern Engineer Says  
Company Will Commence Construction to the Coast Next Year

M. H. McLeod, chief engineer of the Canadian Northern is in the city today. He is naturally no advocate of the G.T.P. agreement and while he admits that the C.N.R. have been slow about registering their objections to the agreement he intimates that the proposition will not be unopposed when it comes before the railway commission on October 18th.

Mr. McLeod admitted that the C.N.R. had been lax in not opposing the agreement until a date when it was too late and intimated that as a matter of fact the C.N.R. people had overlooked the date on which the voting was to take place.

Regarding the westward extension of the Canadian Northern, Mr. McLeod had no hesitation in giving the Yellowhead next spring. The company's surveys in the Yellowhead Pass have nearly completed their work and will be submitted to the Fraser River head route, they were practically compelled by the topographical features of the country to follow the Fraser for a considerable distance, probably as far

## Telegraphic Briefs

MARSHALL ELECTED IN EAST ELGIN.  
(Bulletin Special)

Ottawa, Ont., Oct. 4.—In the Halifax election cases in the supreme court today an appeal from the court below was allowed and petitions against Roche and Carney, Liberal members, were sent back for trial, with costs. In the case against R. L. Borden and O. Mullen, Conservative, defeated candidates, appeals were also allowed and they go back for trial. The Fielding election case comes up in the morning. Marshall, Conservative, was elected today in East Elgin for the Dominion House by about one hundred majority.

HEAVY LOSSES FROM FIRE  
(Bulletin Special)

Ottawa, Oct. 5.—This has been a bad season in the Ottawa Valley for insurance companies. The total losses are in the neighborhood of a million.

## Five Killed

U.S. Troop Train Wrecked  
Near Troy, New York

(Bulletin Special)  
Troy, N. Y., Oct. 4.—In a rear-end collision between a regular passenger train and a heavy train of Pullman cars containing the 15th U. S. Cavalry from Fort Ethan Allan, five passengers were killed and a score or more injured on the Boston & Maine road, just outside Troy, late today. The dead so far identified are F. L. Block, Peoria, Ill.; Mrs. W. S. Shaw, Boston; Mrs. Stevens, Charleston, S. C.; Mrs. J. J. Dacey, Arlington, Mass.; one dead, unidentified. The cavalry men were on the way to Cuba.

## Miners Cannot Supply The Demand For Coal

### Plate For 'Edmonton'

Splendid Shield to be Presented to the New Lake Steamer

A beautiful shield is on exhibition in the window of Bruce Powley's jewelry store on Jasper ave. It bears the engraving: "Presented to the S. S. Edmonton by the Mayor and citizens of the city of Edmonton."

The shield is of silver, surrounded with a wreath of maple leaves, and surmounted by the crest of the city of Edmonton, bearing the significant words, "Industry, energy, enterprise." Above the crest is a silver beaver, the typical emblem of Canada. The whole is mounted on a shield of quarter cut oak. The work was designed and executed by Mr. Powley, and reflects the highest credit on his art and workmanship.

The shield will be presented to the steamship Edmonton, plying on the Great Lakes, and built by the H. S. Matthews Co., Toronto. Last spring Mayor May received word from the Matthews Company asking permission to name their new steamship "Edmonton." The Mayor graciously replied giving permission to the company, to christen the boat by this magical name, and as an appreciation and a high class form of advertising the Mayor has decided with the concurrence of prominent and public spirited citizens to present the above shield to the Matthews Co.

## Edmonton The Centre of One of The Greatest Coal Areas in The World Threatened by a Coal Famine

The city is suffering from a coal famine, the local dealers being unable to supply the increasing demands.

Ever since the strike last summer there has been a scarcity. The supplies ran low during the period of the strike, and then followed a scarcity of teamsters who found more lucrative employment on the city contracts and improvement work. The increase in the city's population has outstripped the increased output of the mines.

The situation is more complicated since the Fernie coal mines have closed down, and Calgary are inquiring for coal in Edmonton.

A telegram was received yesterday from the Alberta Hotel, Calgary, asking if it was possible to have coal sent from Edmonton. The Mays Coal Co. have received orders from Airdrie and other stations usually supplied from Calgary.

The Mays Coal Co. have shown energy in trying to meet the situation. Yesterday the company purchased the entire output amounting to 10,000 tons from the Lindsay & Daly mine, seven miles down the river on the south bank. They also

Red Star

Land Office

118 McDougall Avenue, Edmonton, Phone 250

## Miners Cannot supply Demand For Coal

(Continued from Page One)

have purchased the entire output of the Morinville mine, and will haul coal over the new branch of the C. N. R. by Monday. The steel is now laid to Morinville, and cars will be running in a few days.

The Mays Coal Co. advanced the price 50 cents a ton yesterday, their reason being that they would then be able to pay more to the teamsters, and get a sufficient force to haul from the mines. The company lately received an order from Vegreville for 1,000 tons.

The Edmonton Coal Co. have orders for over 50 cars from points east of Battleford, and are unable to fill them.

It is expected the scarcity will be relieved when it freezes up and the teams at present engaged by the city will be free to engage in the hauling of coal. The Mays Coal people have prospects of handling 50,000 tons this year.

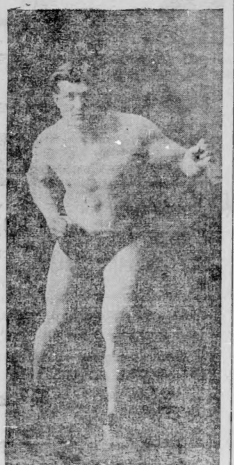

## Nelson Training

Mark Nelson, of Minot, N. D., who combines the pursuit of agriculture with the science of sparring, writes from his home town that he has just finished getting his wheat put away and commences training today for his twenty-round glove contest with Watly Watson in the Thistle rink here in October 18th. Nelson will be in Edmonton on the 14th as he wants to have a day or two of roadwork and a little rest before the exhibition. He has signed on to box twenty rounds with Kid Lee in Terre Haute, Indiana, shortly after the Nelson go here.

## Jack Aline Coming

Jack Aline, who is to wrestle Jack Downs in the Thistle Rink on Saturday night, telephones from the region of Lacombe that he will be in the city on tomorrow's train to fulfil his engagement here.

Jack Downs explains that his day out of town yesterday was a more matter of business. He was doing twenty-to-thirty-miles of cross country road work for the benefit of his bronchial tubes. At last reports he was doing nicely, thank you, and promises that Aline will have a nice little piece of work cut out for him Saturday night.

WATTY WATSON  
Who Will Box Twenty Rounds with Mark Nelson in the Thistle Rink on October 18th.

MR. CARRUTHER'S OFFER  
The offer of Mr. James Carruthers, of Montreal, of twenty-five acres in the west end for the parliament buildings, naturally calls for comment and comparison between the different sites under consideration.

To an unprejudiced mind, and one that has no financial interest in any site it looks like a proposition that should have some weight and consideration. The old Hudson's Bay fort site has nothing to recommend it except the fact of its age and historical sentiment; it is lower than the city centre and where a view can be obtained that would show the buildings contemplated I cannot see whereas the point offered gratis to the province carries with it its own recommendation.

The view from the buildings up or down the river cannot be equalled by any other site around Edmonton and the view of the buildings from the city and Strathcona, will be beautiful for all time.

Now, should the committee that has charge of the selection of the site allow themselves to be influenced in selection of any other site available that carries with it a money consideration, and turn down this splendid site that is offered gratis, the said committee will have to make explanations that will keep them busy for the balance of their lives.

## NO BOOM AT VEGREVLILE,

just a steady healthy growth. Values are not high, and will go higher. No hurry about buying, because prices will ascend for years to come. You never will be able to buy lots cheaper than they are now, and the time to buy is when there is no excitement, because values are at a more profitable level when people are not scrambling for land. Think of good residences lots, 50x150, with good broad streets and alleys from \$50.00 to \$200.00 each. This is an absolute safe proposition, and will surely make a good deal of money. We are conservative when we say that Vegreville will not stop growing until it has a population of 10,000. The reason for our being so positive for this assertion is that towns in the Western States, having not near as much land tributary to them as Vegreville has, are bigger than 10,000 people. There were ten steam ploughs went into Vegreville this last spring. Each outfit will plough a quarter section of land every day. These cuttings with the ones that are already there, and the horses and oxen that are occupied in the same task, mean a large area of land brought under the plough this year. All this land will have grain to sell, and produce to buy and Vegreville will be the trading centre for these people. Rolfe & Kenwood have lots for sale in Vegreville.

# STRICTLY CHOICE LAND FOR SALE.

In the best districts of the Canadian Northwest. The land is absolutely without blemish, and is in districts where crop failure is unknown. The land is choice, price is fair, and terms are easy.

F. L. HARRIS,

270 East Jasper, or Lock Box 17, Edmonton, Alberta.

# LOCAL ITEMS

The Hotel Cecil has put on a bus line to and from all trains.

W. C. Dunn came in last night from White Whale Lake.

Mr. J. Loughhead, of Sarnia, Ont., who had the misfortune some time ago to be thrown out of his rig and have his leg broken, is sufficiently recovered to leave the hospital, and is staying at the Alberta.

The convention of the Northern Alberta Teachers Association will meet in Grandin street school, Strathcona, on Thursday and Friday, October 25th and 26th.

A. W. Cameron, who is building a new theatre on Jasper avenue, has let the contract to Killip & Co. of building a one-storey block on the corner of Third and Jasper avenue, to contain five stores.

A meeting under the auspices of the Canadian Association for the Prevention of Consumption, will be held Saturday evening at 8 o'clock, which will be addressed by the Rev. Dr. Moore, and Dr. Clendenan. The meeting will be in the Norwood block.

A very pretty wedding took place yesterday evening at the residence of Dr. H. R. Smith, when Miss Susie Richards of Philadelphia, became the bride of David Rise, brother of Mrs. (Dr.) Smith. Mr. and Mrs. Rise have gone to Banff for their honeymoon after which they will reside in Edmonton.

Messrs. Tucker and Monypenny, of Strathcona, dealers in wholesale glass, china and crockery, are moving their entire business to Edmonton, and are building a warehouse on Queen's avenue, opposite the city market office. The building will be finished by October 15th. This firm makes a specialty of hotel supplies in cut glass and glassware.

Mr. Williamson, of the Edmonton Produce Co. is building a new storehouse to meet the demands of the expanding trade of the company. The building is going up at the rear of the present building, and will be used for storing the supplies of sugar, beans, etc. It will hold ten carloads.

Mr. J. M. Thom, private secretary to the Hon. C. W. Cross, attorney-general of Alberta, leaves tomorrow for his home in Manitoba, and to be married to Miss Sullivan, recently of the teaching staff of the Winnipeg public schools. Last night a number of Mr. Thom's friends gathered in the rooms of the Young Men's Liberal club, and presented him with an address and a beautiful mahogany secretary as a mark of the esteem in which they held him. The guests were made by Messrs. J. B. McLeod, Dr. O. F. Strong and James A. McKinnon, to which Mr. Thom made a suitable reply.

Negotiations are pending for the west of Blairmore, Alta., to a syndicate of the McLaren sawmill property of American capitalists. The property includes the mill site and mill and timber limits, having about 300,000 feet of green timber. Experts are now cruising the limits and it is expected to be known within a fortnight whether the deal is consummated. The property is owned by Senator McLaren, of Lanark, Ont.

A quiet house wedding took place Wednesday afternoon at 4.30, of this week at the residence of Mr. and Mrs. James McGeorge, 514 Elizabeth street, when Mrs. Sherry, of London, Ont., was married to Mr. William Clyde. Only the immediate friends of the contracting parties were in attendance. The bride and groom left at 7.15 by the C. N. R. for Fort Saskatchewan, where they will reside. The ceremony was performed by Rev. Dr. McQueen, of First Presbyterian church. Those present were Mrs. Fungler, London, Ont., mother of the bride; Rev. Mr. and Mrs. Jaffray, of the Department of Agriculture; Mr. and Mrs. A. J. Orr, Miss McFarland, Forest Ont; Mrs. McQueen.

# RECORD FOR BUILDING.

City Engineer's Office, Edmonton, Oct. 4th, '06.

Editor Bulletin:

We desire to impress through your enlightening columns the contractors and builders and all those interested in building in general in the city, with the fact, that it is necessary before beginning to excavate for any building or in any other way to begin the erection of a building within the city limits to first make application at the office of the building and fire inspector, for a permit to build, furnishing at the same time, plans of the proposed building. We deem it unnecessary to discuss the wisdom of these regulations on the part of the city, as it is admitted by everyone, who has taken on the trouble to investigate the matter, that to build up a healthful and permanent city, certain restrictions regarding buildings must be enforced. We hasten to say that in many instances these regulations have been disregarded by contractors and others, thus causing unnecessary trouble and inconvenience to those in charge of the matter.

There is no charge for permits in the city of Edmonton, neither does it raise the taxes on a property to build upon it as every person ought to know by this time and in view of these facts we respectfully ask that all owners of buildings heretofore unpermitted whether completed or in course of erection, will report to the building inspector's office not later than Oct. 15th, after that time owners of buildings of which there is no record at the city office, will be dealt with as provided by by-law No. 275, which says that the maximum fine for such offences shall be one hundred dollars. Yours truly,

J. D. BLANNEY,  
B. & F. Inspector.

# SOCIAL AND PERSONAL

D. Goodwin, of Vegreville, in in town. John Perkins, representing the Dominion Shoe Co., Quebec, is in town.

Mr. J. K. Macdonald, advocate, left this morning for Regina via C. N. R.

A. C. Allan, of the A. A. Albert & Sons, fur manufacturers, of Toronto, is in town.

Mr. S. B. Woods, Deputy attorney general, was at Fort Saskatchewan yesterday.

Mrs. Cartier, Second street, entertained a number of young people at a merry dance last night.

Hon. F. Oliver, accompanied by Mrs. Oliver and Miss Anna, arrived from Ottawa last night by the C. N. R.

Mr. and Mrs. W. E. R. Notman, of Leduc, are in the city today.

H. A. Dunn, Calgary, is at the Alberta.

Mr. W. C. Robertson, who is in charge of the Lacombe branch of the law business of Corbett, L. Durie, Edmonton, is in the city to attend the Oliver banquet this evening.

Dr. Donald McGibbon left last week for Toronto to spend a week visiting friends previous to leaving for Europe. Dr. McGibbon sails this week from New York, for Vienna, where he will take post graduate work in surgery, and lung diseases. From Vienna he will go to Heidelberg to continue his studies. He will be away about a year.

## NOT THE CONSIDERATION

The Provincial Government should not determine the location of the Parliament buildings in consideration of free sites with splendid prospects and suitable elevations. Such sites are available in unlimited numbers, but their general characteristic of being "free" is an argument against rather than for their selection. Pleasant surroundings and a commanding situation are desirable features, and reasonable economy is always commendable, but there are other considerations. The buildings must be accessible and under the circumstances should be as easy of access to both towns as possible, and with the street railway problem still unsettled, this is of paramount importance. They must be within easy reach of water, sewer, telephone and electric light services. These are the questions of vital importance and should not be relegated to second place for any consideration of altitude, scenic beauty or even of a "free" site, as compared to one of reasonable price. Alberta is not so poor that her legislative buildings must be determined by the ability to secure a site for nothing. All these considerations should have place, but only their proper places, in determining the choice.

## SOME CONSERVATIVE POLITICIANS IN FINANCE

The Union Trust Co. is a company formed for the purpose of handling the investments of the accumulated funds of the Independent Order of Foresters. Under any circumstances therefore the revelations made before the insurance commission as to the handling of the funds entrusted to the company would be a matter of very direct concern to the members and prospective members of this powerful order.

But owing to the public character of many of the parties concerned in the transactions reviewed the subject becomes one of the great and direct interest to the public at large. Many of the gentlemen who have figured in these transactions have been members of the Parliament of Canada, several of them still holding this position. It is fair to consider whether if the opportunity were given them these gentlemen would apply to the finances of Canada the principles and practices which they are found to have applied to the funds which a large section of the Canadian people committed to their charge, and whether or not it would be desirable that Canada's finances should be handled in this manner. The question is all the more pertinent that the gentlemen concerned are by no means obscure and unknown members of their party, but hold reputations for financial ability among their associates which must make their advice a dominating influence if the management of the country's finance were entrusted to that party.

Hon. George E. Foster, M. P. for North Toronto and general manager of the Union Trust Co. is one of the most widely known public men in Canada. From 1888 to 1896 he was finance minister of Canada. He was defeated in the great upheaval of 1896 but returned for his present seat in 1904. Since his return he has vied with Mr. Borden for the real leadership of his party, has been the financial critic of the Opposition and in the event of a Conservative victory his resumption of the position of the Minister of Finance is admitted by friends and opponents alike as certain, if not more certain, than the elevation of Mr. Borden to the Premiership.

Geo. W. Fowler, M. P., has been in the Federal House since 1900 and represents Kings-Albert. He is looked upon as the leader of the maritime contingent of Conservatives, next to Mr. Borden.

Mr. A. A. Lefurgey, M. P., is one of the youngest members of the House of Commons, sitting for Prince County, P. E. I. He is Conservative whip for the Maritime Provinces. By profession a lawyer and by preference a capitalist.

Rufus Pope ex-M. P., was for years a power for the Conservative party in politics in the province of Quebec. He represented Compton in the Commons in the Conservative interest for years.

The connection of Mr. Foster with the company was formed on the evidence of Dr. Oronhyateika, because of his record as Finance Minister of Canada. In this capacity he had become possessed of a reputation for economy

and on the strength of this reputation was selected as general manager of the Union Trust Co. From the evidence before the commission, however, it appears that either the reputation had been sadly exaggerated or that Mr. Foster speedily lost in his new capacity the qualities which had earned it for him.

The moneys of the company have been used for private speculation and by a syndicate in which Mr. Foster and other men in charge of the Trust Company were shareholders. This syndicate it seems was formed for the purpose of acquiring an option on 269,660 acres of western lands originally belonging to the C.P.R. So far it appears that the option was the total asset of the syndicate, and the money with which the lands were paid for and the whole enterprise carried on was loaned from the funds of the Union Trust Company. In other words the Trust Company supplied the capital invested and the syndicate in which the directors of the Trust Company were shareholders were to reap the profit.

This option it appears originally belonged to a syndicate composed of Rufus H. Pope ex-M. P., G. W. Fowler, M. P., W. H. Bennett, M. P., A. A. Lefurgey, M. P., and another and the money for the purchase being made up by an advance from the Union Trust Company of which the Hon. George E. Foster was managing director. The title of the lands was then turned over to another syndicate composed of Hon. George E. Foster, Col. J. A. McGillivray, and Mr. Matthew Wilson, K. C., at \$4.50 an acre, an advance of \$1 an acre on the original price. The second syndicate turned the land over to the Great West Land Co., at an advance of 50 cents an acre. The original syndicate were paid chiefly in cash, but partly in shares of the Great West Land Company. The option in fact seems to have been a kind of Aladdin's lamp, which as often as rubbed produced new charms in the form of dividends. That our Parliamentary friends rubbed it often this brief history indicates.

More than this it appears that the Union Trust Company was to receive for its advances either stock or security, and whether it should receive stock or security Mr. Foster and his associates were to decide. These gentlemen were therefore the arbiters not only of their own fortunes but of the fortunes of the Trust Company as well. As members of the syndicate they could further their own interests at the expense of the interests of the Trust Company but as directors of the Company they could protect the interests of the Company only by sustaining personal loss.

A more certain conflict of interest and duty and a more improper use of trust funds might be devised, but is hardly likely to be met on the realm of actual occurrence. Still worse is the deal in which Mr. G. W. Fowler, M. P., was delegated to purchase a timber limit from Mr. Peter Ryan. The statement is that a timber limit was purchased from Mr. Ryan; that the real price and consideration was \$170,000; that two agreements were prepared, one setting forth the true consideration and another setting forth a false price of \$225,000, to be paid by the Union Trust Company and that Mr. Ryan paid to Mr. G. W. Fowler, M. P., the \$55,000 difference. This sum it appears Mr. Fowler was to "divide up" with some other party or parties. Mr. Elliott G. Stevenson, Supreme Counsellor of the Independent Order of Foresters, uses very strong language in regard to the transaction. He says that if the facts are such as have been conveyed to him the Foresters have been swindled out of \$55,000, "and our solicitors have instructions to take proceedings against anyone connected with it." Such proceedings should be interesting to several parties.

When next our Opposition friends undertake to edify the House of Commons on the subject of the handling of western lands or the misuse of money belonging to other people they will at least be admitted to speak with the authority of familiarity born from experience. And when next the people of Canada are asked to entrust the management of the country's affairs to Mr. Foster and his allies they will recall with more than casual concern the history of the Union Trust Company under these same gentlemen.

## RAILWAY MEN WANT DAMAGES

(Bulletin Special)  
Goderich, Ont., Oct. 5.—As a sequel to the railway trouble at the harbor, three Grand Trunk employees have issued writs for damages against the Canadian Pacific Railway people. W. Hanna has entered suit against the Guelph & Goderich Railway. Mr. Peterson and Mr. Roberts for unstated damages for assault, imprisonment and malicious prosecution. Wm. Purcell and D. Conway claim \$5,000 damages from the same defendants for malicious arrest and prosecution.

## BURGLARS CAPTURED

(Bulletin Special)  
Brandon, Oct. 5.—Detective Foster returned from Alexander today with two men, Roy Stewart and Joe Clemo, whom he had arrested for burglary. It is believed these two men are guilty of breaking into and robbing the house of Mr. Birks at Alexander last Thursday. It is understood that one of them has confessed to the crime.

## CORRESPONDENCE

## Doings At The Fort

Newsy Budget From The Police  
Town

Fort Saskatchewan, Oct. 1.—Building operations continue to be brisk in this district. Mr. Moret has within the last month, received orders for three quarters of a million of bricks to be sent to such points as Lamont, Vermilion, Vegreville and Lavoie. Mr. Moret intends, next summer to enlarge his plant and increase his output to two millions.

Mr. Eugene Clark of Vermilion and Mr. Adolphus Lamoreux of Vegreville, were renewing acquaintances here last Sunday.

Mr. Wilkin, of Wilkin & Jones, has gone to Winnipeg, to meet Mrs. Wilkin and son "Billy" who are on their return trip, after spending the summer in England.

Mayor Langworthy and Messrs. J. W. Shora and Cameron were visitors at Vegreville fair on Friday last.

Mr. E. F. Hebdien, general manager of the Merchants bank, paid a visit to the Fort one day last week. He is on a tour of the Northwest branches and was very favorably impressed by this part of the country.

Mr. Chard, station agent here, has returned from his vacation, and taken up his duties again. We are sorry to hear that Mrs. Chard is very seriously indisposed.

The Dominion Government has given the contract of building a wire fence around Elk park, to our local manufacturer, Mr. W. A. D. Lees.

Rev. A. Grazer, Lutheran minister, of this place, preached his farewell sermon to a very large congregation on Sunday last. Rev. Heinmann of Winnipeg succeeds Mr. Grazer, and will take charge next Sabbath.

Mr. Maedougall of Edmonton is spending a week at the Fort, visiting his daughter, Mrs. Bliss.

Franklin Pierce Jolly, the jolly entertainer, amused a fair sized audience on Tuesday evening in Simmons' new opera house. This gentleman has acquired the art of telling a story with killing effect and whilst some of his yarns might have been better untold a number of his stories were exceedingly funny.

Rev. A. F. Forbes spent last Sabbath at Vermilion, opening a new church here. Rev. Alex. McLellan of Lloydminster, who is on a visit to the Fort, conducted services in the Presbyterian church during the absence of Mr. Forbes.

Miss Queenie McCoy, of Victoria, Miss McAmmond and Mr. Percy Hook of Alberta College, gave a most enjoyable entertainment in the Presbyterian church last Wednesday evening and were greeted by a crowded house. Miss McCoy is the possessor of a clear, sweet soprano voice and her singing of Scotch music leaves nothing to be desired. Handel's glorious solo, "I know that my Redeemer liveth," from the Messiah, although receiving careful

and thoughtful attention was somewhat of a disappointment. The tenor to this number was Denis Murray. "Sleep, little boy of mine," and was a delicious bit of work. Mrs. McAmmond is quite a favorite here and was accompanied again and again. Mr. Hook as accompanist was very satisfactory. He also favored the audience with one of his dainty piano solos. We still have with us the people who persist in using the piano solo as an accompaniment to their conversation. "Tis true 'tis pity and pity 'tis, 'tis true." Should this trio of entertainers appear at the Fort again we can safely promise them another good house, as they have left a host of friends behind them.

Claude, young son of Rev. W. J. Howard, is ill with typhoid fever.

Constable Chabot has purchased the old building formerly used as a fire house, so as to be convenient to his work as engineer of the fire hall engine.

Mr. Chalmers, C.N.R. bridge engineer, who has been located at the Fort for the past year left on Thursday for Winnipeg. He and his genial wife will be greatly missed by a large circle of friends.

Mr. Higman, owner of the electric light plant, returned from British Columbia on Wednesday last, accompanied by his bride.

The gravel for Anderson's elevator is already on the ground and the material will be rushed on as soon as the scarcity of lumber much work is being kept back.

Mr. Avery O'Brien, bookkeeper for Wilkin & Jones, has gone on a pleasure trip to Halifax, his old home.

We are pleased to see "Mort" Simmons is able to be about again after his recent serious illness.

Inspector Strickland, R.N.W.M.P., paid a flying business trip to Vermilion the latter part of the week.

Mr. James Graham secured a posthumous share of the purses hung up by the committee of the Vegreville Agricultural society during their recent fair.

We would like to see those new sidewalks which are to be laid on Government street, and Dennis avenue, pushed ahead before the winter sets in.

There is a rumor that a skating and curling rink combined will be built this fall. This is a move in the right direction and should receive liberal support and patronage.

W. A. D. Lees, crown prosecutor, is at Edmonton on business.

Fort Saskatchewan, Oct. 3.—The weather, which has been a delightful uncertainty for the past few days, has arrived at a decision, and "the rain falls sweet from heaven."

Messrs. Percy Bliss and J. C. Strickland have gone to Andrew for a few days on pleasure and business combined.

Mrs. Helium, of Edmonton, who has been spending a few weeks at the Fort, invited her friends to a card party in the Queen's Hotel, on Monday evening. Following is a list of the guests: Dr. and Mrs. Emory, Mr. and Mrs. Henderson, Mr. and Mrs. Moun, Mr. and Mrs. D'Easum, Mrs. Cameron served dainty refreshments. Mrs. Helium returned home on Tuesday.

A few cases of typhoid fever are reported.

The Liberal Association has again issued invitations for a banquet to be given in honor of the Honorable Frank Oliver.

At the Presbyterian held last week in First church, Edmonton, Mrs. (Rev.) Forbes, of the Fort, was elected firm vice president.

Several of our Fort women have been doing some profitable business in real estate at the capital city.

Mr. Dutot met with a painful accident this morning. Whilst engaged in unloading a van of furniture in front of Hill's store, he missed his footing in some way and fell to the ground, breaking his leg. Dr. Bennett was called and set the injured limb, and the sufferer was taken home.

## INNISFREE NEWS

Innisfree, Oct. 1.—Innisfree is making steady progress. The new buildings in course of construction are being built large and roomy, and of the very best material, showing that our merchants and others have full confidence in the future of the town.

A branch of the Canadian Bank of Commerce will open here next week.

The Innisfree post office is the distributing point for mail going to Viking, Gilpin, and Ranfurly. Over one hundred families receive mail at this office, besides. Owing to the enormous increase in business during the past months, the Postmaster General decided to give us a money order office, and a mail service twice daily, one from the east and one from the west. Both these changes took place October 1st.

What might have been a fatal accident took place a few days ago, when three workmen fell from the top of Norris Bros.' new store now in course of construction. The staging gave way, precipitating the three men to the ground. Only one man, Mr. J. A. Courtemanche, contractor, was cut over the eye, which rendered seriously injured. He sustained a bad scalp wound over the eye, which rendered him unconscious for some time. A doctor was immediately summoned, and recommended that the injured man be taken to the Edmonton General Hospital. This was done, and according to last accounts, Mr. Courtemanche is making rapid recovery.

Gold is still the all-absorbing

## 540 MILES IN 512 MINUTES

Remarkable Time Made on British Roads Competing for  
Passenger Traffic

(From Black and White)

According to the officials of the three rival railway routes from London to Scotland, there is no such thing as railway racing. It is merely a question of "accelerating their service of trains." But the mind of railway officialdom is proverbially hard to fathom, and although a race by any other name would smell as sweet, the "man-in-the-street" prefers to call a spade a spade and a railway race a railway race.

There have been two railway races to Scotland previous to that which started on the first of this month. In 1888 and 1895 the competition was solely between the east and west coast routes, while this year the Midland Company have stepped down from their position of superior aloofness and entered the fray severely handicapped as they are with one of the hilliest main lines in the country.

A railway race usually begins without any opening flourish of trumpets. In 1888 the West Coast began by knocking a whole hour off their usual time at the beginning of June, but it was some time before their rivals were thoroughly roused. On July 18th the East Coast companies reduced the time of their crack train to Edinburgh from nine hours to eight hours and thirty minutes, thus giving them the lead by half an hour. A month later the West Coast also reduced their time to eight and a half hours.

But the East Coast were ready for this, and two days later announced their 10 a.m. express would reach Edinburgh at 6 p.m. Their triumph, however, was short-lived, for on August 6th the East Coast also reduced their time to eight hours. No intermediate stops were timed, and the drivers raced their iron steeds for all they were worth. One has but to turn up the files of the daily papers in both Britain and America to see what world-wide attention this railway strife attracted. After many close finishes, the East Coast companies made a further reduction in their time, their train reaching Edinburgh in 7 hours 45 minutes. Then the public began to take fright and much was written and spoken about the danger of railway racing, with the result that the rival companies, by this time, not at all loth to put an end to the strife, signed a treaty of peace, and by September 1 the race was at an end.

The East Coast's best run was made on August 31, when their train reached Edinburgh 2 1/2 seconds after 5.35. Thus it will be seen that as yet this year has witnessed nothing to equal the records of 1888, and from the mere traveller's point of view, one of the unfortunate things about railway races is that the record speeds remain the exception, and not the rule. When the race is over, the old timing, or something very little better, is reverted to.

The distance to Aberdeen by the West Coast route is 540 miles, but though the East Coast have the advantage as regards a shorter route, (523 1/2 miles) they did not by any means have things all their own way during the race of 1895. Before the race started, the fastest train from London to Aberdeen, by the East Coast did the journey in 11 hours 35 minutes, whilst the West Coast took 11 hours 50 minutes. The West Coast companies began "cut-

ting the time" by scheduling their train to run through Aberdeen in eleven hours, and this was its nominal time while the race lasted, except that it constantly ran before time, and on one occasion arrived at its destination over two hours early! The East Coast, however, advertised their train to do the journey in 10 hours and 25 minutes, and kept it, more or less, up to August 19. Then they told their drivers to "let themselves go" and on the night of the 21st-22nd their train arrived at Aberdeen at 4.40 a.m., thus running 523 1/2 miles in 512 minutes, not including five stops and several "slacks." On this occasion its rival arrived only fourteen minutes later; but next night the West Coast people were on their mettle and their train ran to Aberdeen in 8 hours 32 minutes, or 540 miles in 512 minutes! Thus ended the race of '95.

Whether the present season will be prolific of records remains to be seen. The racing is again the goal, and the racing trains leave King's Cross (East Coast) at 10 a.m., Euston (West Coast) at 10 a.m., and St. Pancras (Midland) at 9.30. So far as distance (164 miles) and gradients are concerned, the Midland has the worst road. The West Coast comes next with 460 miles, and the East Coast (395 miles), is the shortest. On July 1st, the actual times of arrival were as follows: East Coast, 6.2 p.m., (8 hours 2 minutes); West Coast, 6.34 p.m., (8 hours 34 minutes); Midland, 6.5 p.m., (8 hours 36 minutes). The scheduled time for the arrival of the East and West Coast trains is 6.15 p.m., and of the Midland 6.5 p.m. How these times have been affected by the recent racing is seen in the table above. The Caledonian Railway now promises that after the first of next month its trains will run from London to Edinburgh, with only one stop, in less than seven hours.

One has only to look at the advertisement boardings and in the newspapers to see how keen competition is amongst those three railway companies for the Scottish traffic this summer, quite apart from the racing trains.

The London and North-Western Railway, the English partners of the West Coast route, have for many years past, used compound locomotives for many of their fastest trains, but the Caledonian engines, which haul the trains north of Carlisle, are of quite a different type. Sturdy engines they are, with four coupled driving wheels, and a leading "bogies" which have no difficulty in drawing trains, weighing often nearly 350 tons, over the famous Beattock summit. The engines of the North British Railway are somewhat similar in design to the Caledonian's. One of the Midland's latest types of express engines with 7-foot 8-inch driving wheels which work many of their fastest trains was exhibited last year in Paris. The East Coast trains between London and Scotland are drawn by the engines of no less than three different railways on their journeys to and from the North. The Great Northern's locomotives take them as far as York; then forward to Berwick they are taken on by one of the huge North-Eastern express, and finally, by the engines of the North British Railway. The companies cover the 460 miles in excellent time.

### ACCIDENTAL DEATH.

Calgary, Oct. 4.—Coroner Stewart and his jury brought in a verdict that Charles Senger accidentally met his death by being run over by engine 1476. The inquest was held last evening in the city hall, and the jury were Foreman S. J. Clark, J. D. McOrthur, A. Moodie, J. McKenzie, J. Tomley and C. Lang.

Dr. MacKidd testified that he found Stringer unconscious and on examination found there were skin wounds on the forehead, extensive scalp wounds at the back of the head, one wound on the right side, right leg broken, the knee completely severed, and the left arm severed beneath the shoulder. Death was due to shock and injuries.

H. McCullough, foreman of the bridge and building gang, with which Stringer was working, stated that deceased began work on June 24th, and quit on September 27th, the day before the accident. He had seen him the worse for liquor once, but on the day before the accident he came and asked for his time check, and witness thought he had been drinking.

Albert Massey and Herbe Johnston, working with the gang, identified the dead body at that undertaking rooms as that of Stringer. The latter said that on the 28th, Stringer left the car shortly after nine to go to his hotel. He had been drinking, but was not drunk.

Olred Barnes also gave evidence, which was the same as the others. C. Simerton, Stockley, J. Johnston, and a fireman were not called as they could not add anything fresh to the evidence.

A. Fletcher, engineer in charge of 1476 said they were backing up when the accident occurred. He did not see anyone on the track and did not know that an accident had occurred until Foreman Garvin signalled to stop.

J. E. Garvin, who was riding on the guard, said he felt a jolt and on looking around saw that someone had been run over and he immediately gave the stop signal. On going back he found the deceased lying between the rails.

The coroner asked if the jury wished any witnesses called from No. 1 that passed about five minutes before the accident, but the jury did not think so, and after retiring for a short time brought in the above verdict.

### THREE AMERICANS SENTENCED.

El Paso, Texas, Oct. 5.—Richardson, Mason and Harle, three Americans sentenced to be shot in China Hua Hua for murdering victims to collect life insurance, will appeal to President Diaz for executive clemency and will be given time to hear from him.

topic of conversation, and the Innisfree gravel pit is daily visited by scores of people in search of the wealth which makes men mad. There is considerable variety of opinion as regards the richness of the deposit.

### TOFIELD NEWS

Tofield, Oct. 1.—The recent moving of several buildings to our town for store house purposes, etc., gives the place a more business-like air.

Mr. Bova is building a new house on his quarter section.

Miss C. Whillans has left for Edmonton.

Mr. Palmer and family take their departure for Uncle Sam's territory this week, having turned over into hard cash, one of Alberta's good things in real estate.

Mr. Swift is in town in connection with starting a lumber yard. This will be a boon to our neighborhood.

The cheques are being received for the Grand Trunk Pacific right of way. Work on the opening up of the public road west of Tofield commences this week.

### Or Interest to Farmers

#### AMERICAN CATTLE MARKET.

The general situation in the American cattle market appears to be satisfactory, with a fairly good outlook for the future. An extra choice bunch of grade Shorthorns sold in Chicago last week at just a shade below the market. The week's average for good head steers was reported by the Drovers' Journal at \$5.65, or 5c higher than the previous week and 3c above the same period last year ago. Receipts are also running low in Chicago, the arrivals last week being 71,000 up to Friday, as against 93,000 for the same week one year ago. The receipts in Chicago during the whole of September up to Friday last were 218,000, as against 242,000 for the same period in 1905. The only weakness in the situation seems to be in the expected decline in lower grades, owing to the collapse of the American tinned beef trade in Great Britain.

Prices ruling at the close of last week in Chicago were well maintained yesterday, when the top steers fetched \$6.95. The range was from that all the way down to \$3.75.

At Buffalo prime steers fetched \$5.75 to \$6.25, butchers' steers \$4.25 to \$5.40, and butchers' heifers \$3.25 to \$5.00. Steers, stockers and feeders sold at \$2.75 to \$3.10, and stock heifers \$2.50 to \$3. Veals sold at \$4.50 to \$9.

### PREPARATION OF FEED FOR SWINE.

The Dominion department of agriculture has recently issued a bulletin giving some excellent results in feeding swine with respect to the preparation offered which are given below:

Much difference of opinion exists as to the relative economy of feeding the large variety of feedings, grain ground or unground, soaked or dry, cooked or raw, etc., and because of the large variety of circumstances that influence more or less the results, it is impossible to say that any one method of feeding is essentially the best. The nature of the feed, the age of the pigs, the cost of grinding or cooking, the price of labor, the season of the year, the nature of the building in which the pigs are being fed—all of these factors influence the results to be obtained from contrasting methods of preparation. It is therefore of great consideration in determining the best system to adopt on any given farm.

### WET OR DRY.

Heretofore the most common practice among Canadian feeders has been to grind the grain as finely as possible, soak it from twelve to fourteen hours, and feed it as a slightly fermented slop; but the trend of opinion now among our most experienced feeders seems to be towards dry feeding, giving the necessary drink either at a separate trough or at another time.

One of the greatest objections to slop feeding is that in the hands of unskilled feeders there is a danger of making the slop too thin and in this way compelling the pigs to take much more water than is necessary in order to get sufficient nourishment. This mistake is a serious one, especially in cold weather. Water has been said to be fattening but "that depends." To deprive an animal of the necessary water to satisfy the normal requirements of its system, is to impede the fattening process; but on the other hand, to compel the hog to take into its digestive system a surplus of water on a cold day and in a cold pen, is certainly not conducive to rapid gain. Another disadvantage of slop feeding is that the barrels or tanks in which the feed is soaked are sometimes allowed to become rancid, and ferments are engendered that if not prejudicial to the health of the animal, at least detract from the nutritive value of the food given. Certain substances, such as milk and whey, appear to be improved by moderate souring; but if the fermentation is allowed to proceed too far products are formed which, if not absolutely harmful, are at least of no feeding value. The products of fermentation vary with the substances fermented. It, therefore, does not follow that because milk is improved by acid fermentation, similarly good results will be obtained from the fermentation of grain.

One of the disadvantages of dry feeding is that the hogs are apt to nose a quantity of meal out of the trough, which of course means a certain amount of waste. This may be largely overcome by the use of large flat bottomed troughs with saw-tooth sides. The longer and wider the trough the better, so the meal may be spread as thinly as possible on the bottom. This prevents the hog from grubbing his nose in large mouthfuls and afterwards discharging it about the pen. In the opinion of the writer the best method of feeding is that adopted by some of the largest American feeders, viz.—to provide a dry, clean, elevated feeding trough, on which the grain or meal is scattered and the hogs are allowed to pick it up in small quantities. By this method all waste is obviated.

the food is better masticated and mixed with the saliva; and better digestion and greater gains may be reasonably expected. The water should be supplied in a separate trough, or better still by means of a drinking fountain attached to a barrel.

Dealers would rather pay a big price for well-fattened chickens than a small price for those not fattened. Birds which have simply had the run of stubble are not in a condition for market. The fanning about takes off too much of the flesh which the grain puts on. It will pay any poultry producer to put his birds up for a week or two of close feeding before marketing them. Skim milk and crushed hulled or finely-ground oats will make one of the most satisfactory fattening rations.

### THE NORTH COUNTRY

Prince Albert Advocate—Many and varied are the resources of the Great northland of the Saskatchewan as seen by Mr. Alex. McBeth, of Collinson, who arrived home on Wednesday evening from a long trip through it. Mr. McBeth was census enumerator for the northwestern portion of the province and left Prince Albert on June 28 to count heads in that section. From Edmonton he took stage to Athabasca Landing and there hired a canoe and two men to take him to Lake Athabasca. They ran all the rapids on the river and saw lots of game. Moose and bear were plentiful and geese as plentiful that hunters neglected the ducks for them, and bags of 150 to 200 birds a day are common. From Fort Chipewyan the party went across the lake to Fond du Lac and were nearly swamped by a high wind while returning.

The mission tug was taken by Mr. McBeth up the river to Fort McMurray. To get the steamer back to the Landing he had to take a three-day walk across a portage which is estimated variously at from sixty to ninety miles. For 100 miles or so the Athabasca flows through natural asphalt. There are actual mountains of it all the way from Grand Rapids, 163 miles below the Landing, to Fort McKay, thirty-five miles below Fort McMurray. There is a strong odor of the pitch and in places black rivulets of it can be seen creeping down the mountain sides. There are indications of petroleum fourteen miles below Fort McMurray and boring is going on. At Fort McKay there are coal deposits which are being utilized locally.

Mr. McBeth saw the gas well at Pelican Rapids which has been burning for eight years. The noise of it can be heard half a mile away. Through an eight-inch pipe the gas shoots up fifteen or twenty feet and water comes boiling up with it. There is a gas spring below Grand Rapids where a kettle can be boiled easily, and Mr. McBeth found several other indications of gas. At Salt River salt is being mined and sold for ten cents a pound. There is quite a number of settlers going into the Peace River country. Mrs. McBeth says.

### CHILD SCALDED.

Brandon, Oct. 5.—An almost fatal accident took place here this afternoon, when the two-year-old son of Mr. W. Carswell fell into a boiler of water and had it not been for the timely arrival of the child's mother, might have drowned. Mrs. Carswell left him playing near the boiler while she went into the yard to get an armful of wood. On her return she found the child's feet sticking out over the edge. A doctor was summoned immediately, and was fortunately able to resuscitate the child.

### EDMONTON GOLF CLUB.

There will be a competition for ladies on Saturday 13th inst., nine holes medal play under handicap starting at 3.30 p.m. First prize presented by the secretary, second prize presented by Mr. E. H. Simpson.

The medal winners competition will be played on Thursday 18th (Thanksgiving day), eighteen holes medal play under handicap. The names of those members qualified to play in this competition and the handicap is posted in the club house. Other contests will be arranged for the same day and there will be a luncheon at 1 o'clock.

### WITNESSES DID NOT APPEAR

(Bulletin Special)

Toronto, Oct. 5.—Bench warrants for the arrest of Lillian and Gertrude Hudson, sisters, connected with the York County Loan affairs, were ordered by Judge Winchester this morning. The subpoenas demanding their attendance before the Grand Jury as witnesses have not been answered. One for each of them was left at their home on Ossington Avenue and at Mr. Phillips' place on Wright Avenue. Crown Attorney Drayton, who applied for the warrants, said he would communicate with the solicitors of the Misses Hudson to make certain that there had been no mistake about their position and that they would not be interfered with needlessly.

# A Page Full of 'Good Things' for Saturday Shoppers

## Bargains for Men

### Cashmere Socks

Black Cashmere Socks very fine, medium weight, double toe and heel, in sizes 10, 10½ and 11, Saturday per pair **25c**.

### Cashmere Socks

Best quality, good weight, full fashioned, double toe and heel. Saturday per pair 40c or 3 pairs for **\$1.00**.

### Men's Braces

Our special for Saturday is a Brace made on the same lines as the famous President and our price on Saturday will be per pair **30c**.

### Men's Neckwear

The neckwear special for tomorrow will include reversible silk four-in-hands, Knots, Bows and Windsors in very pretty patterns, each **25c**.

### Men's Overalls

Men's overalls made of strong denim with double stitched seams, riveted pockets, with straps and bib, per pair **95c**.

### Men's Gloves

This is a strong leather glove suitable for driving or heavy work. The regular price of these gloves is 45c per pair. Saturday per pair **35c**.

### Men's Dogskin Gloves

Men's unlined dog-skin gloves in tan shades—the best wearing glove made—we have a special line at per pair **\$1.25**.

No doubt the keen, shrewd buyers keep a sharp lookout for news contained in these columns. We are alive to the fact. Prices must be correct before using printers' ink, but prefer any day to have you come in person to handle and examine our values. We are positive they can't be beat. The bargains tomorrow will amply demonstrate this store's position as leader for "Good Goods at Lowest Prices."

## 10c TURKISH FACE CLOTHS SATURDAY 1c EACH

Only 1000 Cloths—Positively not more than five sold to each customer.

This bargain is the result of a fortunate purchase recently effected by our buyer. You are offered like privilege tomorrow. Can't guarantee that they'll last long.

## An Ideal Wear Resisting Hose for Boys' and Girl's

These Stockings are made of strong clear dyed worsted yarns. They're knitted in 4-1 rib style, and they're made with an eye to the strenuous life that young Canada supplies, in large measure to all wearables.

**25c**  
PER PAIR

They're tough, sturdy, almost wear proof  
They're clear, bright, fast black  
They're the best value we've had  
They're made in sizes 6 1-2 to 10

**25c**  
PER PAIR

Now, if you've a sturdy, romping boy or girl at home try a pair or two and see if your stocking bill and darning time aren't both reduced.

## A Good Time to Buy Linens

The prices are so very low that it's impossible to appreciate how good the values are until you have seen them. These prices are the result of good buying. WILL YOU LOOK?

### Linen Towels

Very fine quality with fringed ends and colored border, an excellent drying towel per pair **25c**.

### Linen Huck Towels

Every third, pure linen, close, even weave, fringed ends, white border per pair **45c**.

### Damask Towels

Fine linen damask towels assorted patterns, fine weave, fringed ends. Suitable for either towels or bureau covers. Per pair **50c**.

### Table Linen

Placed linen damask, newest designs, 60 inches wide, per yard **45c**.

### Cream Table Linen

This is one of our very special linen values. Good quality, good patterns. 88 inches wide, per yard **30c**.

## Hundreds of Ladies' Fancy Turnover Collars, Reg. 15c and 20c, Saturday 5c each

### Men's Underwear

When we were buying our underwear we made a special effort to get an extra quality line, per suit **\$1.00**.

### 35c Wool Socks. Saturday 25c

20 dozen heavy ribbed and plain wool hose, in dark and light shades of grey and heather mixtures, regular value 35c and 40c, Saturday per pair **25c**.

Our Third Shipment of New FALL COATS arrived on Thursday. If you want to see the LATEST come here.

## Ladies' Cotton Wrappers Half Price

Here's a price announcement to bring business to the wrapper section on Saturday. We need the space these wrappers occupy so out they go at half price.

FLANNELETTE WRAPPERS 25 per cent. OFF.

Not often that such low prices are quoted on such seasonable goods, but we are making room for our new stock. Now who would be bothered making them when you can buy them so cheap.

## Extraordinary Values in New Dress Materials Fancy Tweed Suitings 50c

"It's great!" exclaims our dress goods man, referring to the splendid quality and the magnitude of the values. A special purchase just in. Just look at those strong, sturdy weavers for fall suits and skirts, those pretty shades in light, medium and dark mixtures, pretty mannish effects. You may take your choice from the lot at per yard.

We are doing a rushing business in our Millinery Department. We will have another big display of Millinery on Saturday.

**Saturday We Will Sell the Balance of our Ladies' Shoes at Half Price.**

# COMPLETE STORY OF WESTERN LAND DEAL.

A. A. Lefurgey, M. P., Explains Whole Transaction Before Insurance Commission—Interesting Letter From Mr. Fowler—D. D. Mann Played Prominent Part—Fosler Wants to Talk

Toronto, Oct. 1.—A. A. Lefurgey, M. P. for Prince, P. E. I., this morning gave the royal commission on insurance the story of the land deal which has figured so prominently in the investigation into the affairs of the I. O. F.

Mr. Lefurgey was one of a large party of Conservative members on his tour of the west in 1902. It was on that occasion the idea suggested itself to Rufus H. Pope and Mr. Lefurgey that it would be a good speculation to form a combine to buy up the wild lands and hold them for a rise in value. The correspondence produced showed that some of the "combine" understood up till a late date in the transaction that Mr. Borden intended joining the combine, but any such intention was not carried out.

**GENEROUS TREATMENT FROM C. P. R.**  
A letter from George W. Fowler to Mr. Lefurgey, which was quoted by Mr. Shepley, indicates the methods by which it was hoped to make a success of the venture. The letter is as follows:

"Dear Lefurgey,—We have succeeded beyond our wildest hopes. We wired D. M. and he met us at the train at Toronto and took us to his office, and gave us his route so far as located. Of course, under cover of strictest secrecy, so keep it mum except to Borden, Bennett, and yourself. We expect to have a wealthy Englishman named Lister, head of the Canada Chemical Co., and Colonel Pellett, in the combine with us. We have increased the thing to 200,000 acres. On arriving home we interviewed Sir Thomas Shaughnessy and have every reason to expect to meet generous treatment as to terms and price. He said we should get the best that was going. We want to arrange for a meeting there when the party returns to Montreal. Tell Borden and Bennett about the meeting. It will be necessary for at least two of us to go this fall and locate, as it could not be done in the spring, and that is one of the things that must be arranged at the meeting."

**"GEORGE W. FOWLER."**  
**GOT DOUBLE VALUE.**

Before Mr. Lefurgey went into the box, W. P. Bull gave evidence in connection with the sale of the Okanagan Lumber Co., in which he had a one-tenth interest, that Fowler, McCormick and Irwin told him a sale had been made to the Kamloops Lumber Co., at a price which would net the shareholders two for one on their investment. He held \$5,000 stock in the company, which had a capital of \$50,000, and Mr. Fowler gave him his personal cheque for \$6,000, and Bull was relieved from the payment of a note for \$4,000, which he had given on account of his stock.

The amount actually paid by the Kamloops company was \$177,000 for the property, and \$42,000 for the logs cut when the transaction was closed. Mr. Bull said he was in ignorance of the payment for the logs until the transaction was disclosed before the commission. Mr. Fowler had the assignment of his interest in the company.

Mr. J. A. Worrell, K. C., appeared for the Bank of Montreal, and Mr. C. A. Masten for the Bank of Nova Scotia. The banks mentioned had been served with subpoenas requiring them to hand over their books for the purpose of tracing certain payments which had been made in connection with the land and lumber deals in which the subsidiary companies of the I. O. F. had been engaged. The legal gentlemen objected to the business of the bank being exposed unnecessarily, or without good reason being shown.

Judge McTavish ruled that the public interest required the examination of the books, and he gave the necessary order.

**MR. LEFURGEY'S EVIDENCE.**  
When Mr. Lefurgey went on the stand, in reply to Mr. Shepley, he stated that law was his profession, but politics were his preference. The narrative given by Mr. Lefurgey was not full enough to suit Mr. Shepley, who inquired when this visit to the west on which the idea originated was made. Mr. Lefurgey replied that it was in September, 1902. There was a large party on the trip, it being the occasion when R. L. Borden made his political tour of the west.

which Mr. Fowler wrote to Lefurgey from Montreal on October 4, 1902, a number of passages: "We have succeeded beyond our wildest hopes," he wired to "D. M."

"By the way, who is D. M.?" interposed Mr. Shepley.

"Mr. Daniel Mann, of Mackenzie & Mann," was the reply.

Continuing, Mr. Fowler wrote: "He met us at his office in Toronto and gave us the route as far as located, and, of course, in the strictest secrecy, except to Messrs. Borden, Bennett and himself."

"This was the first intimation I had that Mr. Mann had any connection with it at all," exclaimed Mr. Lefurgey, who, in reply to a question, explained that he supposed a reasonable presumption from that letter was that Borden had carried out his original intention and joined the syndicate.

**BORDEN BACKED OUT.**

During the early part of the session Lefurgey said he was informed that R. L. Borden had not gone into the syndicate, and he believed that those who were in it were all equally interested. On April 15, 1903, he received a telegram from Pope, "Must have \$4,000 tomorrow from you for Wednesday." Lefurgey replied that Bennett was only putting up \$2,000, and he supposed he was getting two hares. Afterwards Pope told him he did not know whether he could let him have more than one share.

Mr. Lefurgey said he understood the two thousand dollars was required for the first payment to the C. P. R. for the land, but did not know the terms of the option. He supposed each member of the syndicate was putting up \$2,000. He did not know the amount of the payment until long afterwards.

The question came up upon another party dropping out and he he was perfectly willing to take another share and pay for it. His understanding was that if one member of the syndicate dropped out the others would get the benefit.

**FOSTER WANTS TO TALK.**

When Mr. Shepley asked for an adjournment of the insurance commission at 4 o'clock this afternoon, George E. Foster made a protest. He said he was subjected to the attacks of the prosecutor, and was attacked also in the rear. He had been in attendance since September 5, with no chance to tell his story. He wanted to go on the stand and tell his story of the Great West Land Co. He said he did not want the cruelty continued.

Judge McTavish said nothing but justice would be done.

**FURTHER DETAILS.**

Mr. Lefurgey, continuing his evidence, said he thought the party to whom they sold would form a company and put shares on the market at \$4 a share. "We objected, so we took three-fourths of our profits in cash, and one-fourth in stock, and they increased our holdings of the stock \$5,000, 50 shares. I was, I think, present at the meeting where we talked over giving up our option."

"A dollar an acre would yield a profit of \$200,000. It seems strange you were not more anxious to know how many it would be divided amongst?"

"Well, I thought I was being treated as my proper interest, demanded; we were all to share alike."

"But still you did not know how many others were to share the profit?"

"No."

"Did you ever see the option given to Pope and Fowler by the C. P. R.?"

"No, not then."

"The option revealed that in consideration of a payment of \$30,000 the option was extended to Pope and Fowler."

"Was that the \$20,000 to which you thought you were contributing?"

"Yes."

"Would you have identified Messrs. McGillivray & Wilson with the Trust Co. at that time?"

"No, I think not."

"You had no idea of connecting the Union Trust Co. and the Foresters?"

"No."

**OFFENDED HIM A TENTH.**  
Mr. Lefurgey related details of the transaction which led him to the transaction with W. H. Bennett, M. P., join with W. H. Bennett, M. P., and Mr. Peuchen in a suit against Pope and Fowler. When Pope and

## 'Scona Prize List

Winners at the Exhibition Held on Tuesday

For the fall matches of the Edmonton and Strathcona Rifle Associations to be held on the Edmonton range, October 18th and 19th, 1906.

G. A. REID, Capt.

S. S. BROWN, Sec.-Treas.

Edmonton Association.

J. J. MACKENZIE,

J. CARMICHAEL,

Strathcona Association.

Fowler issued a statement for a division of one dollar per acre profits the first charge made against partnership account was \$20,000 for a commission on a sale of land to the Union Trust, which presumably went to Pope and Fowler. Lefurgey's share was calculated upon a basis of one-tenth of the balance, but as there was apparently only five in the combine he demanded one-fifth. He received between \$11,000 and \$12,000 cash and a mortgage that he was entitled to 55 shares in the Great West Land Co. This left Pope and Fowler, according to his calculation, in possession of seven-tenths of the cash and the same proportion of the stock in the land company instead of making equal division as he understood would be the case.

**VOLUNTARY STATEMENT.**

At the conclusion of his examination, Mr. Lefurgey volunteered a statement in order to put himself right with the public. With regard to the transaction with the Great West Land Co., he said he had no knowledge of any transaction other than what he most careful business man would enter into. As regards reference had been made, he wanted to say he had absolutely nothing to do with them in any shape or form, and had no knowledge of them except what he read in the papers during the investigation.

**CRIME OF ATTEMPTING SUICIDE**

Calgary, Oct. 4.—Elizabeth L. Buckner, of Wetaskiwin, who has been confined in the barracks at this place for some time awaiting a hearing on a charge of attempting to commit suicide was arraigned in the supreme court yesterday morning. Chief Justice Sifton was on the bench. The woman was represented by P. J. Nolan, who entered a plea of guilty for her, after which he made a plea for his client, who is at the present time in a delicate state of health. The counsel pointed out to the court the extenuating circumstances in connection with the case that caused the woman to attempt the rash act.

Mr. Short, for the Crown was agreeable that mercy be shown the woman under the circumstances. At his conclusion the chief justice ordered the woman released on a suspended sentence, stating that any further action on the part of the Crown would depend altogether on the woman's action in the future.

for business men are designed to give the maximum of comfort.

Without the label on the pocket, the garment is not genuine.

## "The Sign of the Slate"

on a **SLATER SHOE** means just what the signatures do on a Bank note. The paper may be the right kind—the engraving may be faultless—but unless the names of the proper officials are signed in their proper places—the note has no legal value. The signatures make the Bank responsible for the payment.

"The Sign of the Slate," either stamped

on the sole or sewn on the lining of a shoe, makes it a **SLATER SHOE**—proves that it was made in the Slater factory by the famous Goodyear welt process—makes the Slater Shoe Company responsible for its wear, service and comfort.

"The Sign of the Slate" means that the shoe has been examined—that factory experts could not find a flaw in it—that they deemed it worthy to uphold the high standard set by **SLATER SHOES**.

"The Sign of the Slate" is just as important to shoe buyers, as the signatures are to the holder of a Bank Note.

## Prosperous Year

C.P.R. Directors Review The Business Of The Past Twelve Months

(Bulletin Special)

Montreal, Oct. 3.—The annual meeting of the Canadian Pacific Railway was held today. The report of the directors was unanimously adopted. The retired directors Lord Strathcona and Mount Royal, Sir Thomas F. Shaughnessy, Thos. Skinner and Clarence J. Mackay were re-elected. A resolution was passed authorizing the lease of the following lines in Ontario and Quebec aggregating six hundred and sixty-six miles: Georgian Bay & Seaboard Railway; Walkerville & Luskow Railway; Berlin, Waterloo, Welland & Lake Huron railway; Joliet and Brandon railway.

The lease of four per cent debenture stock was authorized for the construction and equipment of the following branch line extensions in western Canada aggregating one hundred and thirty-six miles: Moose Jaw branch, Weyburn branch, Stonewall branch extension; Lauder extension of Souris branch and extension of West Selkirk branch. A resolution was also adopted approving the action of the directors in agreeing to contribute two hundred thousand dollars towards the improvement of the Winnipeg water system. In moving the adoption of the report, the president said, "It is scarcely necessary to dwell on the twenty-fifth annual report now submitted for your approval and adoption. No doubt the result of your operations is as gratifying to you as it is to your directors. The increase of more than eleven million dollars in gross earnings marks the progress and development of the territory served by your lines, and a very satisfactory net revenue remains after a liberal allowance in your working expenses for the maintenance of your property. Thus far in the present year, your revenue from traffic shows a large increase over the corresponding period in the previous year and while it is entirely probable that later on, the weekly comparisons will not be so striking, there is every reason to anticipate continued improvement. Indeed, although neither effort nor money is spared, we find it almost impossible to provide cars and locomotives rapidly enough to meet the requirements of the business development along your lines, in such a manner as to satisfy with desirable promptness, the demands of your patrons. At the special general meeting held March 19 last, it was decided to supplement the proceeds of the issue of ordinary capital stock then authorized by an appropriation from the surplus earnings of five million dollars. No portion of this appropriation has been expended prior to June 30th, but your directors have caused the amount to be set aside in the accounts of the current year to be employed from time to time as circumstances may warrant in additions and improvements to your property. Early in July the balance required to redeem your three and a half per cent land grant bonds was deposited with the government, and the requisite instrument has been executed relieving the company for ever from any liability in respect of principal or interest of the bonds, so that all of your lands are now free from any encumbrance whatever. Since June 8th, 1901, you have redeemed bonds to the amount of seventeen million eight hundred and thirty-one thousand dollars out of the proceeds of the land sales and during the same period the balance due the company on account of land sold, has increased from three million four hundred and sixty-seven thousand dollars to sixteen million three hundred and eighty-two thousand dollars on which you are receiving interest at the rate of six per cent per annum. The principal sum realized from the sales of your lands, should, in the opinion of your directors, be allowed to accumulate and be invested so as to give the best interest return consistent with safety until such time as a definite plan can be evolved for its utilization but the interest on both the cash receipts and deferred payments which are increasing month by month is available revenue to be dealt with as you think best. It is evident now that the receipts from this source will, during the year be about equivalent to one per cent on the ordinary share capital. In the current year your directors propose to distribute this one per cent to the shareholders in semi-annual instalments of one half of one per cent each, payable April first, and October first, 1907."

At a meeting of the board subsequently held, Sir William Van Horne was re-elected chairman of the board, Sir Thomas G. Shaughnessy, president, and David McNicoll vice-president, of the company and the executive committee was appointed as follows: Sir Wm. C. Van Horne, Lord Strathcona, and Mount Royal, Rich. B. August, Edmund B. Oiler, M.P., Sir Thomas G. Shaughnessy, David McNicoll.

TRAIN LONGER THAN SWITCH (Bulletin Special)  
Kingston, Ont., Oct. 3.—The longest train in the world, the Grand Trunk collision, has again been adjourned in order to give the railway company a chance to examine a crown witness who testified that he measured the freight train of fifty cars which was to have been run on a siding in order to allow the express to pass. He found the siding to be 2000 feet long, whereas a previous witness had stated that the freight train measured 2016 feet.

## Prize List

Competitions For Edmonton and Strathcona Riflemen For This Month

Following are the prize winners at the Strathcona fair:  
Red Fife—F. Jackson.  
White oats—F. Jackson, A. E. East.

Cakes—Mrs. Garrett.

Snaps—Mr. Dr. Collison, Mable Carscadden.

Fruits—Mr. Cameron.  
Vinegar—Dr. Collison.

Wine—Dr. Collison.  
Pickles—H. Crawford, Mrs. Dr. Collison.

### TRIED TO WRECK THRESHER

Dauphin, Man., Oct. 3.—A dastardly attempt was made on Saturday morning to wreck the threshing machine of S. Cleland, which was working on the Mackenzie-Mann farm. An iron bar about two and a half feet long, was concealed in a sheaf which was fed into the machine. Fortunately the bar went in sideways and only did slight damage. Had it gone in crossways it would have wrecked the machine and very likely have injured some of the workmen. The police are investigating the matter.

### CITY MARKETS

Almost famine conditions obtain just now in the coal market. One farmer who came in with a load on Wednesday had to break his load four times to supply his customers. Inquiries are coming in every day to local dealers for carloads of coal which they are unable to supply. Mr. Montgomery, of the Edmonton Coal Co., has orders for five carloads with the checks attached. Coal is quoted this week at \$3.50 to \$4.00.

Hay—Rough slough, \$7; upland, \$10 to \$14; timothy, \$14 to \$16.

Ed. Oats—20c to 22c.  
Potatoes—25c to 35c.

Live stock—Beef, steers, \$2.25 to \$2.50; cows, \$2 per cwt.; mutton, \$5.50 (live weight).

Hogs, \$6 to \$6.50 (live weight).  
Poultry—Chickens, dressed, 12 1/2 to 13 cents, live 10c; fowl, 8 to 10c; turkeys, 17c dressed, 15c live; ducks and geese 12c dressed. Local dealers do not desire live turkeys, ducks or geese.

Produce—Whitell & Co. quote eggs 25c; butter in prints, 20c to 23c; tubs 15c to 20c; Gariépy & Lessard quote eggs 25c, butter 15c to 20c; McDougall & Secord quote eggs 25 cents, butter in fresh prints 22c to 25c; tubs, 14 to 18c; Hudson's Bay quote eggs 25 cents, butter, prints, 25 to 24c; tubs 21 to 23c; Revillon Bros., quote eggs 25c; butter, prints 20 to 23c, tubs 17c; Edmonton Produce Co. quote eggs 20c, butter 15 to 18c.
